BRANCH OFFICE BUSINESS CONTINUITY PLAN (BCP)

UPDATES TO THE BRANCH OFFICE BUSINESS CONTINUITY PLAN TEMPLATE:

- Updated Template Formatting
- Updated LPL Financial Compliance Service Center Direct Contact Number

If you already have your plan documented, copy and paste the relevant sections to your existing plan document.

Guidelines:

The attached template is provided to guide and support branch offices in fulfilling their regulatory requirement to create and maintain business continuity plans (BCPs) pursuant to the Branch Office Security Policy and to fulfill FINRA Rule 4370 (Business Continuity Plans) requirements.

Instructions:

1. Complete all highlighted areas of the template with the relevant information.
2. Review the remainder of the plan for appropriateness based on your branch's specific situation
3. Review and sign the plan to fulfill the requirement to annually review and approve.
4. Perform an annual Business Continuity failover test per the guidelines included in Attachment C
5. Distribute to your key personnel who would have a role in enacting the plan.
6. Update as necessary upon any changes to your business.

The attached template is designed and intended for branch offices that rely upon LPL Financial as a technology and service provider, and may also leverage other operational services; this template includes language regarding the nature of this specific, limited relationship. If your branch conducts a different type of business then the template should be modified to describe the entities you rely on and the nature of those relationships. The obligation to develop a BCP is not a "one-size-fits-all" requirement, and **you must tailor your plan to fit your particular branch's situation.**

Branch Office Security Policy Section 3.9:

Branch Offices must create and maintain a written business continuity plan identifying procedures relating to an emergency or unplanned significant business disruption. Such procedures must be reasonably designed to enable the branch to meet its existing obligations to customers. Branches must also conduct an annual fail-over test and review of their business continuity plan to determine whether any modifications are necessary in light of changes to the branch's operations, structure, business, or location.

The elements that comprise a business continuity plan are flexible and may be tailored to the size and needs of a branch. Each plan, however, must at a minimum, address:

1. Data back-up and recovery (hard copy and electronic)
2. All mission critical systems
3. Financial and operational assessments
4. Alternate communications between customers and the branch
5. Alternate communications between the branch and its employees
6. Alternate physical location of employees
7. Critical business constituent, bank, and counter-party impact
8. Regulatory Reporting – LPL handles regulatory reporting on my behalf
9. Communications with regulators –LPL handles communication with regulators on my behalf
10. Plans to ensure customers' prompt access to their funds and securities in the event that the branch determines that is unable to continue its business. Clients are instructed to call LPL to access their funds. Hybrids are responsible to report their regulatory authority and have the capability for their clients to call someone to service their accounts.

NOTE: Please note that the above-listed elements are not exhaustive; you are accountable to address other key areas for your plan to be complete and thorough, based on your branch's business and operations.

I. BUSINESS CONTINUITY PLAN INTRODUCTION

This business continuity plan documents the response and recovery activities for

FINANCIAL FREEDOM WMG, LLC-EUGENE 21X4, [Branch or DBA Name]

that conducts business in products that are available through LPL Financial's platform. The purpose of this guidance and template is to document the plan for the recovery of our critical business functions and systems in the event of an unplanned significant business disruption.

II. EMERGENCY CONTACT PERSONS

LPL Financial provides FINRA with the contact information for two (2) emergency contact persons to fulfill this requirement for all branch office locations under LPL Financial. These 2 emergency contact persons are registered principles for LPL Financial. LPL Financial maintains compliance by updating this information upon any material change and reviewing the information quarterly to ensure it is current.

Rule: FINRA Rule 4370(f); NASD Rule 1160.

III. BRANCH POLICY

Our branch's policy is to respond to a Significant Business Disruption (SBD) by safeguarding employees' lives and our property, making a financial and operational assessment, quickly recovering and resuming operations, protecting all of our branch's books and records, and allowing our customers to transact business. In the event that we determine we are unable to continue our business, we will direct our customers to the LPL Financial service center at (800) 558-7567 for emergency assistance and access to their funds.

a. Significant Business Disruptions (SBDs)

Our plan anticipates two kinds of SBDs, internal and external. Internal SBDs impact only our branch's ability to communicate and do business, such as a fire in our building. External SBDs prevent the operation of the securities markets or a number of branches, such as a terrorist attack, a city flood, or a wide-scale, regional disruption. Our response to an external SBD relies more heavily on other organizations and systems, especially on our primary service provider, LPL Financial.

b. Approval and Execution Authority (On-site Manager/Advisor)

DJ WRIGHT-DIRECTOR OF INVESTMENTS/FINANCIAL ADVISOR [Name, Title]

is accountable to review and approve the plan annually at a minimum or sooner if significant organization or operational changes occur.

DJ WRIGHT-DIRECTOR OF INVESTMENTS/FINANCIAL ADVISOR [Name, Title]

has the authority to declare activation of this BCP and execute response and recovery activities.

c. Plan Location and Access

Management of this branch will maintain both hard and soft copies of its BCP plan and the annual reviews, and the changes that have been made to it for inspection. An electronic copy of our plan is located on:

WWW.FINANCIALFREEDOMWMG.COM

[Path and folder name where plan is located]

Rule: FINRA Rule 4370(b), (d) and (e).

Members that maintained books and records at the impacted locations should make every effort to retrieve or back-up such records. If any such records were permanently destroyed, a list of the types of books and records required to be maintained pursuant to NASD Rule 4510 and SEA Rules 17a-3 and 17a-4 must be prepared. The list should include the time periods impacted, but need not include records that can be recreated from an electronic database or that can be retrieved otherwise from a service bureau, back-up records storage facility, etc. All such lists must be submitted to LPL Financial through the Compliance Service Center at 1 (844) 610-0009.

In the event of an SBD, we will determine the value and liquidity of our investments and other assets to evaluate our ability to continue to fund our operations and remain in capital compliance. We will contact LPL Financial, critical banks and investors to apprise them of our financial status. If we determine that we may be unable to meet our obligations to those counter-parties or otherwise continue to fund our operations, we will request additional financing from our bank or other credit sources to fulfill our obligations to our customers and clients. If we cannot remedy a capital deficiency, we will file appropriate notices with our regulators and immediately take the appropriate steps.

Rules: FINRA Rules 4370(c)(3), (c)(8) & (g)(2).

X. MISSION CRITICAL SYSTEMS

“Mission critical systems” are those that ensure prompt and accurate processing of securities transactions, including order taking, entry, execution, comparison, allocation, clearance and settlement of securities transactions, the maintenance of customer accounts, access to customer accounts and the delivery of funds and securities.

We have primary responsibility for establishing and maintaining our business relationships with our customers and have sole responsibility for our mission critical functions of order taking, entry and execution. LPL Financial provides the execution, comparison, allocation, clearance and settlement of securities transactions, maintenance of customer accounts, access to customer accounts and the delivery of funds and securities.

Our Branch's Mission Critical Systems

Order Taking

Currently, we receive orders from customers via telephone, or in person. During an SBD, either internal or external, we will continue to take orders through any of these methods that are available and reliable, and in addition, as communications permit, we will inform our customers when communications become available to tell them what alternatives they have to send their orders to us. If customers are unable to reach the branch to place trades they can contact LPL Financial's Service Center at (800) 558-7567.

Order Entry

We enter orders by recording them on paper and sending them to LPL Financial telephonically, or electronically through LPL Financial's BranchNet/ClientWorks platform.

Internal

In the event of an internal SBD, we will contact LPL Financial by the fastest means available and/or refer our clients to work directly with LPL Financial for order entry.

External

In the event of an external SBD that does not impact LPL Financial, we will keep the order in the appropriate format and deliver back to LPL in proper format. For external SBDs that impact LPL Financial, LPL Financial's BranchNet/ClientWorks platform expected recovery is within 4 hours or less per their internal Recovery Time Objective.

Order Execution

LPL Financial executes orders on our behalf. LPL Financial's Fort Mill and San Diego offices serve as primary locations for Trade Execution. Each office serves as reciprocal backup for the other. LPL Financial has documented and tested internal business continuity and disaster recovery plans in place to provide for a fail-over between the two sites.

Mission Critical Systems Provided by LPL Financial
